Dear Everyone

I am back in Camp for the day. It is a very easy job all I have to do is see that the Platoon is kept in good order. I was glad to come in from those woods only one more week & our Bivouac will be over with. We finish will come in from our bivouac on Thursday & then we will be shipped to some other Camp Saturday. might get a furlough in 3 or 4 weeks but am not to sure about it but am keeping my fingers crossed

The fellows have been shipping out of Camp every day: my best pal from

Marbon was shipped out Sunday. He is
join in a Secret Service outfit. He
got into this because he can speak a
foreign language. He can speak Greek,
+ also read + write it. I sure did hate
to see him go because we were the
best of pals.
I recieved Marions letter this morning
was glad to hear from her once again.
Hope she has a pleasant vaction because
she really deserves one. Lois + Babs
sure have grown especially Lois. I don't
recognize them at first they have grown
so much.
Had my picture taken a few weeks
ago. They should be ready in about a
week. Hope you like them.
Guess I'll close as I still have work for a
while. Don't forget to write.
Love Dick
